

A man is shown from the chest up, submerged in a blue ice bath. His head is tilted back, and thick white steam is rising from his head, suggesting the cold temperature of the water. The background is dark and out of focus.

2022 PRODUCT CATALOGUE

**The world's no.1  
supplier of ice bath  
systems.**

# Reach beyond your limits by cold conditioning your body to recover faster.

Mastering the extreme conditions of the iCool ice baths unlocks hidden abilities that enhance your performance and recovery.

After an intense training session it's important to give our bodies an opportunity to recuperate. But for those athletes between events during a competition—it's likely they'll need to facilitate a more-rapid-than-usual recovery. The iCool ice baths speed up the process by mitigating inflammation and delayed-onset muscle pain.

Not only does ice bath submersion improve recovery from exercise-induced muscle injury—it also helps to repair damage associated with intense physical training. When we learn to embrace the power of ice cold water which the iCool ice bath systems provide, we can extend the realms of recovery beyond what we thought possible.

# HOW ICOOLSPORT IS REVOLUTIONISING THE ICE BATH INDUSTRY

## PERFORMANCE

Today's iCools have the best cooling performance that technology allows. All our models come with best in class heat pumps design, super efficient both in chilling & heating, with the maximum cooling power in the smallest possible spaces.

## TECHNOLOGY

At our Australian headquarters, our dedicated design team is continuously improving our award winning range inspired by expert feedback from thousands of iCool owners around the world & constantly designing groundbreaking new products.

## RANGE

iCool manufactures the largest range of ice bath recovery products available anywhere. Models for every type of sport and sport physiotherapy, ranging from single athletes to 12-person pools for entire teams and everything in between.

## VALUE

Manufactured from the highest quality materials & components for long service life. Sessions are quick to set up, easy to use & easy to pack up & transport. Great performance, excellent value. Priced to be as affordable as possible.

# Table of content

1 | Portable chillers

2 | Inflatable baths

3 | All-in-one systems

4 | Plunge Pods

5 | Recovery Pools

6 | Large Pool Chillers

Note: Prices are in USD (except for Australian Residents where special AUD pricing is available upon request)

Our cooling & heating units are very powerful heat pumps specifically designed for fast chilling (and heating in some models) modern ice baths. The electronic control of the advanced refrigerant gas makes them uniquely capable of the most effective chilling of any tub. They can chill (or heat) any type and size of pool, any iCool pool or even your own bath.

**Check your pool size and find the best model for you.**

Units can be connected with standard hoses or PVC pipes and installed anywhere you want. The only requisitions are to protect them from direct sun and rain, and to provide adequate airflow around the units.

All models have the accurate capacity to cool the water down to 5°C and the Dual Temperature models can heat the water up to 45°C. The time taken for each circumstance depends on many variables: the amount of water, the surrounding room temperature, the ventilation around the unit, the initial temperature of the water, the insulation of the pool, etc.

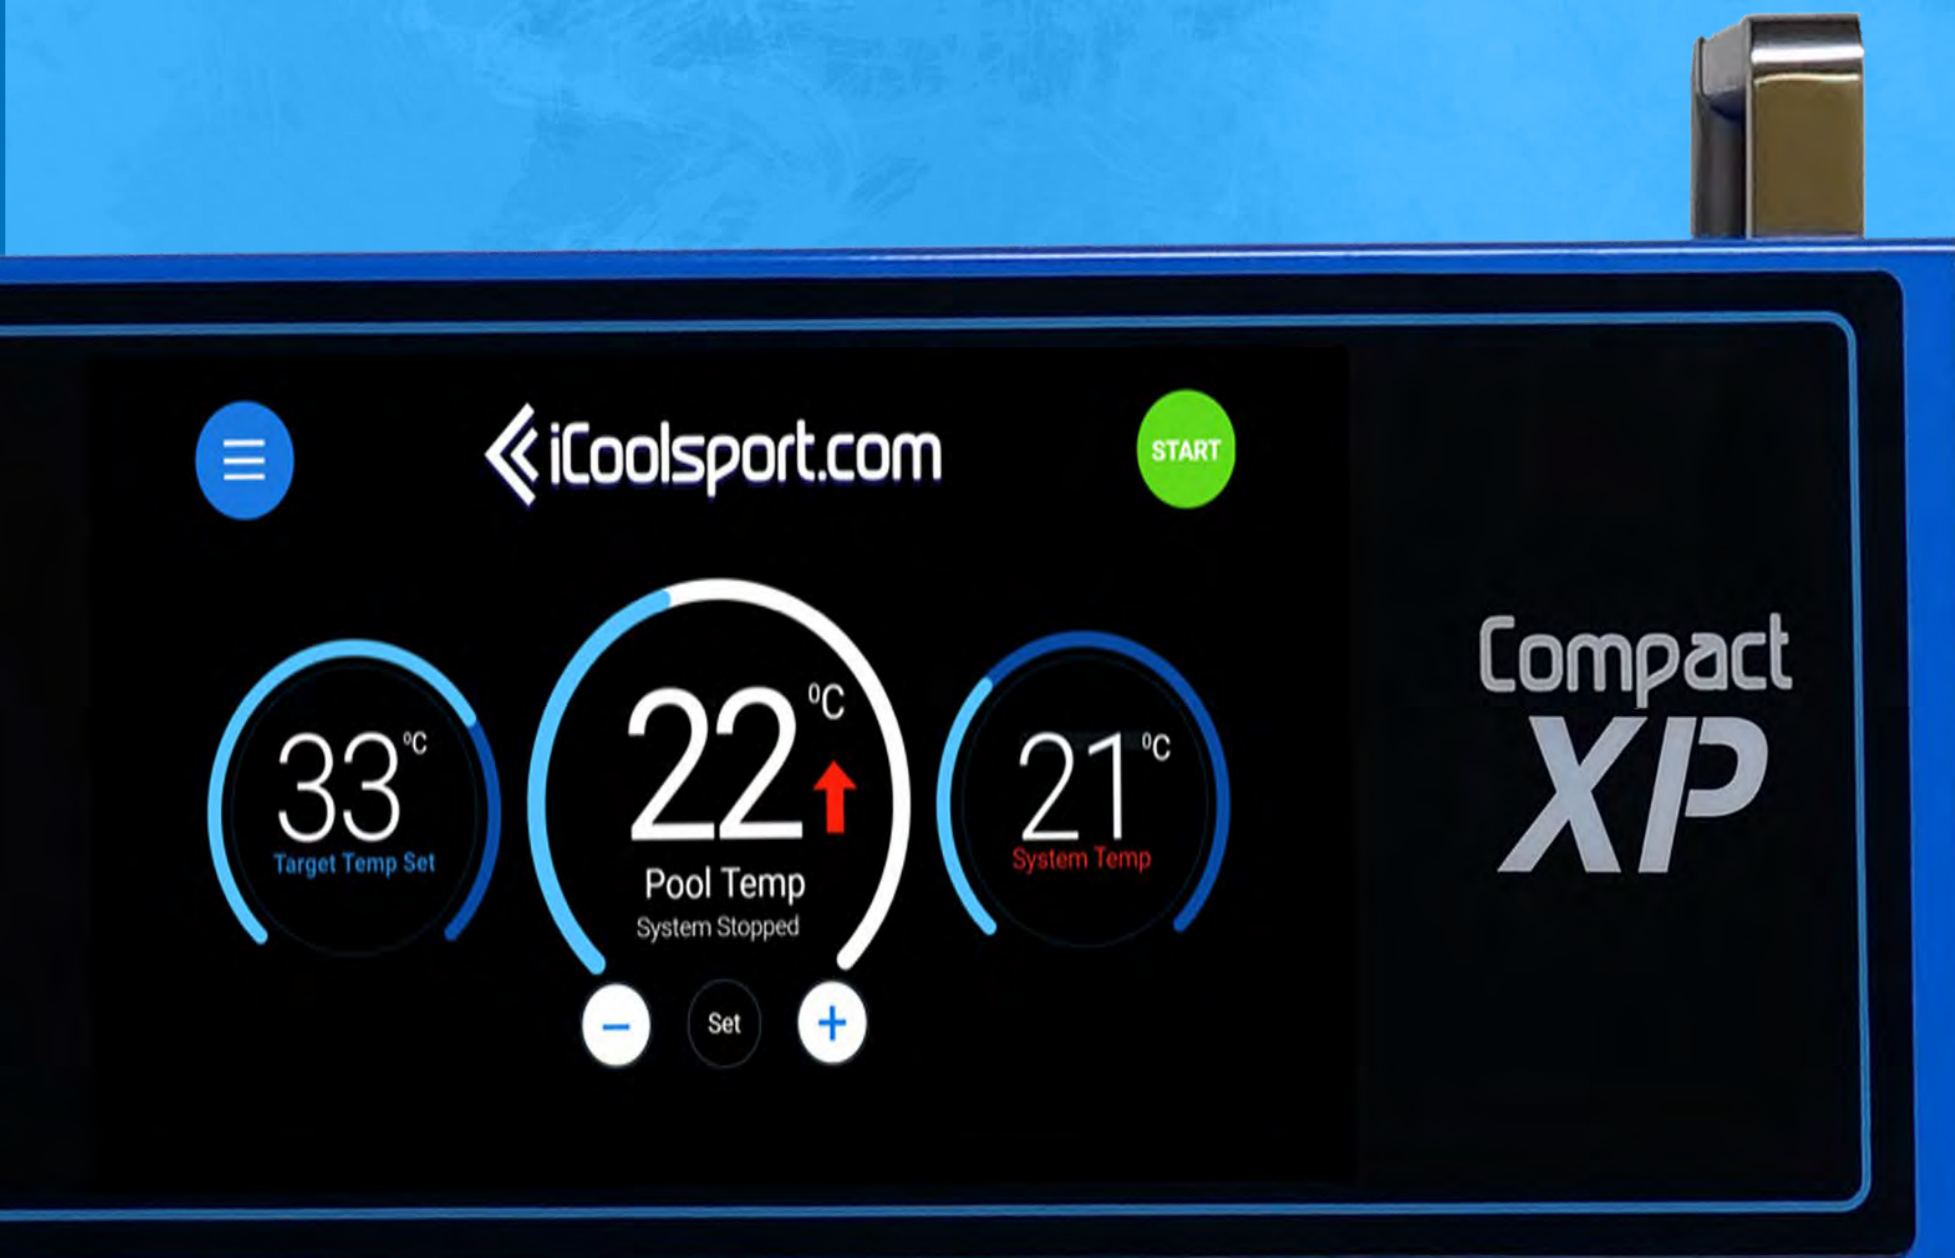

For the most efficient chilling, iCool recommends to use specifically designed pools for ice bath therapy that have the best insulation for the least waste of energy. If the pool is not well insulated, a lot of energy is wasted and the longer it will take to chill the water.

# ONE TOUCH GO

All iCool systems are controlled by a full HD Touch Screen. The screen looks and works just like your smart phone. To our industry leading user interface we have added “One Touch Go” fully automatic start up. Just set the temp, touch the START button and the built in intelligence does all the rest. It runs the entire start up sequence on its own and can even find and correct some common set up mistakes for you.

Remote control available from smart phones, tablets & computers.

# COMPACT RANGE

## COMPACT COOL

Cooling unit for baths up to  
500L | 5°C

**USD 5,970**

## COMPACT COOL DUAL TEMP

Cooling or heating unit for  
baths up to 500L | 5°C to 45°C

**USD 6,970**

## COMPACT XP

Extra power cooling unit for  
baths up to 2,000L | 5°C

**USD 8,499**

## COMPACT XP DUAL TEMP

Extra power cooling or heating unit for  
baths up to 2,000L | 5°C to 45°C

**USD 9,499**

## ICEMAN

Extra power cooling unit capable of  
temperatures NEAR ZERO

**USD 9,599**

## INCLUDED IN ALL COMPACT MODELS

1

Complete hose set with fittings for easy set up and connection to any iCool pool or even your own bath

2

Industrial water pump to suit your country's voltage (110V or 220V)

3

10 inch Full HD Capacitive Touch Screen with remote control from smartphones & computers available

# OPTIONAL TRAVEL CASES

**COMPACT HARD CASE PRO**

Blue travel case (new model)

**\$1,299**

**ICEMAN HARD CASE PRO**

Black travel case (new model)

**\$1,299**

With experienced design engineers and a team of dedicated experts, we have internally redesigned the Compact travel cases to offer peace of mind during transit.

**NEW EFFECTIVE  
MODULAR  
DESIGN WITH THE  
BEST COMBINATION  
OF MATERIALS AND  
MILITARY GRADE  
CUSTOM-CUT FOAM  
TO PROTECT YOUR  
EQUIPMENT AND ITS  
ACCESSORIES.**

## OPTIONAL REMOTE COMPACT SCREEN (\$999)

- + All Compact models are also available in a remote controlled version with a 13 inch Colour Touch Screen.
- + The remote screen can be wall mounted and is ideal if your Compact unit is not in the same area as your pool.
- + It can be installed with a connecting data cable (the length is up to you) or it can be set up to operate wirelessly over WiFi through your smartphone.
- + Additional cost of **\$999 for this version**

iCool has been the world's leading supplier of ice bath and recovery equipment for more than 15 years. Ranging from inflatable pools, hard pools and stadium-size pools, all iCool pools have been specifically designed for use in ice bath therapy. Far from the ordinary spa baths, there is no comparison in design, strength, performance & value for money.

Already installed in more than 100 sports stadiums around the world, iCool has been the chosen brand by teams & individuals from more than 50 countries at every Olympic, Commonwealth, Asian, Pan American Games & countless other sporting events every year.

The design of the pools is based on years of recovery bath experience in the field and the expert advice of highly respected recovery experts at The Australian Institute of Sport.

Choose any iCool pool and add a perfectly matched cooling or heating unit and you have the easiest and fastest way to install a world class fully automatic recovery room anywhere you need it, while saving both time and money compared to any other solution. For the perfect contrast therapy, set 2 pools, one hot and one cold.

# ICEPRO RANGE

Bringing revolutionary strenght to portable ice bath technology.

## ICEONE

Single person inflatable pool  
115 x 55 x 59.4 cm

**USD \$999**

## ICEMATE

2-person inflatable pool  
185 x 60 x 59.4 cm

**USD 1,299**

## ICEMAN

2-person  
inflatable pool (ultimate cold super  
insulated)

**USD 1,499**

Powerful recovery, wherever you want, with the ability to be used with just ice or with any Compact cooling or heating unit.

All models come with a hand pump, carry bag, repair kit, chamois cloth and water inlet & outlet points.

## THE ICEPRO REVOLUTION

Rock-hard rigidity,  
tough enough to hold  
up to 90Kg on the  
edges without bending  
or spilling

Super light weight  
and compact, easy to  
transport by bus, plane,  
train or car.

With the ability  
to connect to our  
Compact units,  
you and your  
team won't have  
to worry about  
lugging around  
bags of ice. Just  
set the temp and  
the unit does the  
rest.

# MIPOD RANGE

*'Your recovery, your way'* with the new Mipod baths, combining the strenght of carbon fiber with the power of iCool technology.

## 2 sizes

- + Mipod mini
- + Mipod Pro

## 5 models

- + Chill (5°C)
- + Hot (45°C)
- + Dual Temp (5°C to 45°C)
- + Remote (use with any Compact)
- + Ice (use with just ice)

### MIPOD MINI

1-person fiberglass tub  
1,3 x 0,75 x 1,04 m

### MIPOD PRO

1-3 person fiberglass tub  
1,5 x 0,8 x 1,2 m

## INCLUDED IN CHILL/HOT/DUAL TEMP MODELS

1

Internal steps and drain point at the bottom of the pool (ladders not included)

2

Powerful built-in advanced technology heat pump & water circulation pump.

3

Fully automatic operation controlled by a 13 inch Full HD Capacitive Remote Touch Screen with wall mount bracket.  
24/7 operation available.

# CHILL

Bringing the benefits of ice bath therapy into the comfort of your home. Take control of your health with elite water immersion when and where you need it most with the Cold Only Mipod with built-in cooling unit.

## MIPOD MINI CHILL

Single person all-in-one ice bath  
(Cold Only) | 5°C

**USD 10,499**

## MIPOD PRO CHILL

1 to 3-person all-in-one ice bath  
(Cold Only) | 5°C

**USD 12,499**

Combining award-winning heat pump technology with the highest quality multi-layer carbon fiber reinforced glass finish, the MiPOD is built to be always on and always ready for use in homes, gyms and other commercial applications. Just fill up, set the temperature and press START.

# HOT

Enjoy a hot spa anywhere you want with the Mipod Hot version with temps up to 45°C (heat only).

## MIPOD MINI HOT

Single person all-in-one hot bath  
(heating only) | 45°C

**USD 7,499**

## MIPOD PRO HOT

1 to 3-person all-in-one hot bath  
(heating only) | 45°C

**USD 9,499**

Just fill up, set the temperature and press START.

# DUAL TEMP

Enjoy the option of choosing either cold or hot therapy with the Mipod Dual Temp - temps from 5°C to 45°C.

## MIPOD MINI DT

Single person all-in-one hot bath  
(heating only) | 45°C

**USD 11,499**

## MIPOD PRO DT

1 to 3-person all-in-one hot bath  
(heating only) | 45°C

**USD 13,499**

Just fill up, set the temperature and press START.

# ICE

With the highest quality multi-layer carbon fiber reinforced glass finish, the MiPod Ice is built to be used with just ICE (chiller not included).

## MIPOD MINI ICE

Single person bath  
(no chiller)

**USD 4,499**

## MIPOD PRO ICE

1 to 3-person bath  
(no chiller)

**USD 4,999**

No external plumbing required. Just drop in place, fill with water, add ice and enjoy.

# REMOTE

Pair the Mipod to an external chiller. Choose from any of our iCool Compact models.

**MIPOD MINI REMOTE**  
Single person bath with connections  
for Compact chiller

**USD 4,999**

OR

**MIPOD PRO REMOTE**  
1 to 3-person bath with connections  
for Compact Chiller

**USD 5,499**

Cool  
USD 5,970

Cool Dual Temp  
USD 6,970

XP  
USD 8,499

XP Dual Temp  
USD 9,499

IceMan  
USD 9,599

OPTIONAL LADDER (PRO: \$1,299 MINI: \$999 )

OPTIONAL SANITISATION  
SYSTEM ULTRA ZONE (\$799)

OPTIONAL COLOUR: BLUE OR  
GREY (NO CHARGE)

# ICEPOD RANGE

Hard pools are also available for individuals or small teams looking for a semi-permanent ice bath set up.

## ICEPOD

3-person hard pool  
1,53 x 0,82 x 1,19 m

**USD 1,499**

## ICEPOD DUO

3/6-person hard pool  
2,72 x 0,82 x 1,13 m

**USD 2,499**

## OPTIONAL ICEPOD LIDS

Add perfectly fitting safety lids to keep water clean in dusty areas, to keep hot pools hot & to save electricity.

**CUSTOM MADE WITH POLYETHYLENE IN AUSTRALIA**

### ICEPOD LID

Lid for IcePod

**\$299**

2 x lids for IcePod Duo

**\$598**

# TEAM RECOVERY RANGE

Stadium-size pools are the best solution for recovery rooms in Sports Clubs, Colleges, Stadiums, Gyms & Hotels. Paired to any Turbo unit, they are the perfect fully automatic recovery system available anywhere.

## TR 3000

10-person fiberglass pool

**USD 19,000**

## TR 4000

12-person extra large fiberglass pool

**USD 24,000**

## SPA JETS

Optional Jets for  
"Hot only" pools

**USD \$1,000**

## OPTIONAL TR POOL BLANKETS

Add thermal pool covers to your TR pools to speed up heating, retain temperature and minimise evaporation. This will reduce chemical consumption by half & substantially reduce your power bill.

**TR 3000 BLANKET**

Sized to TR 3000 pool

**\$450**

**TR 4000 BLANKET**

Sized to TR 4000 pool

**\$495**

**MANUFACTURED  
USING A DOUBLE  
REINFORCED 4.5MM  
THICK MULTI-LAYERED  
CONSTRUCTION WITH A  
WATERPROOF, CLOSED-  
CELL POLYETHYLENE  
FOAM.**

# TURBO RANGE

Designed to power extra large ice baths and all our Team Recovery pools.

Controlled by a large wall mounted remote control touch screen, Turbos are economical to own, easy to use and capable of 24/7 non-stop operation with remote control available from smartphones, tablets and computers.

## TURBOCOOL

Cooling unit for  
large pools up to 5,000L | 5°C  
screen included  
**USD 16,999**

## TURBO DUAL TEMP

Cooling or heating unit for  
large pools up to 5,000L | 5°C to 45°C  
screen included  
**USD 17,999**

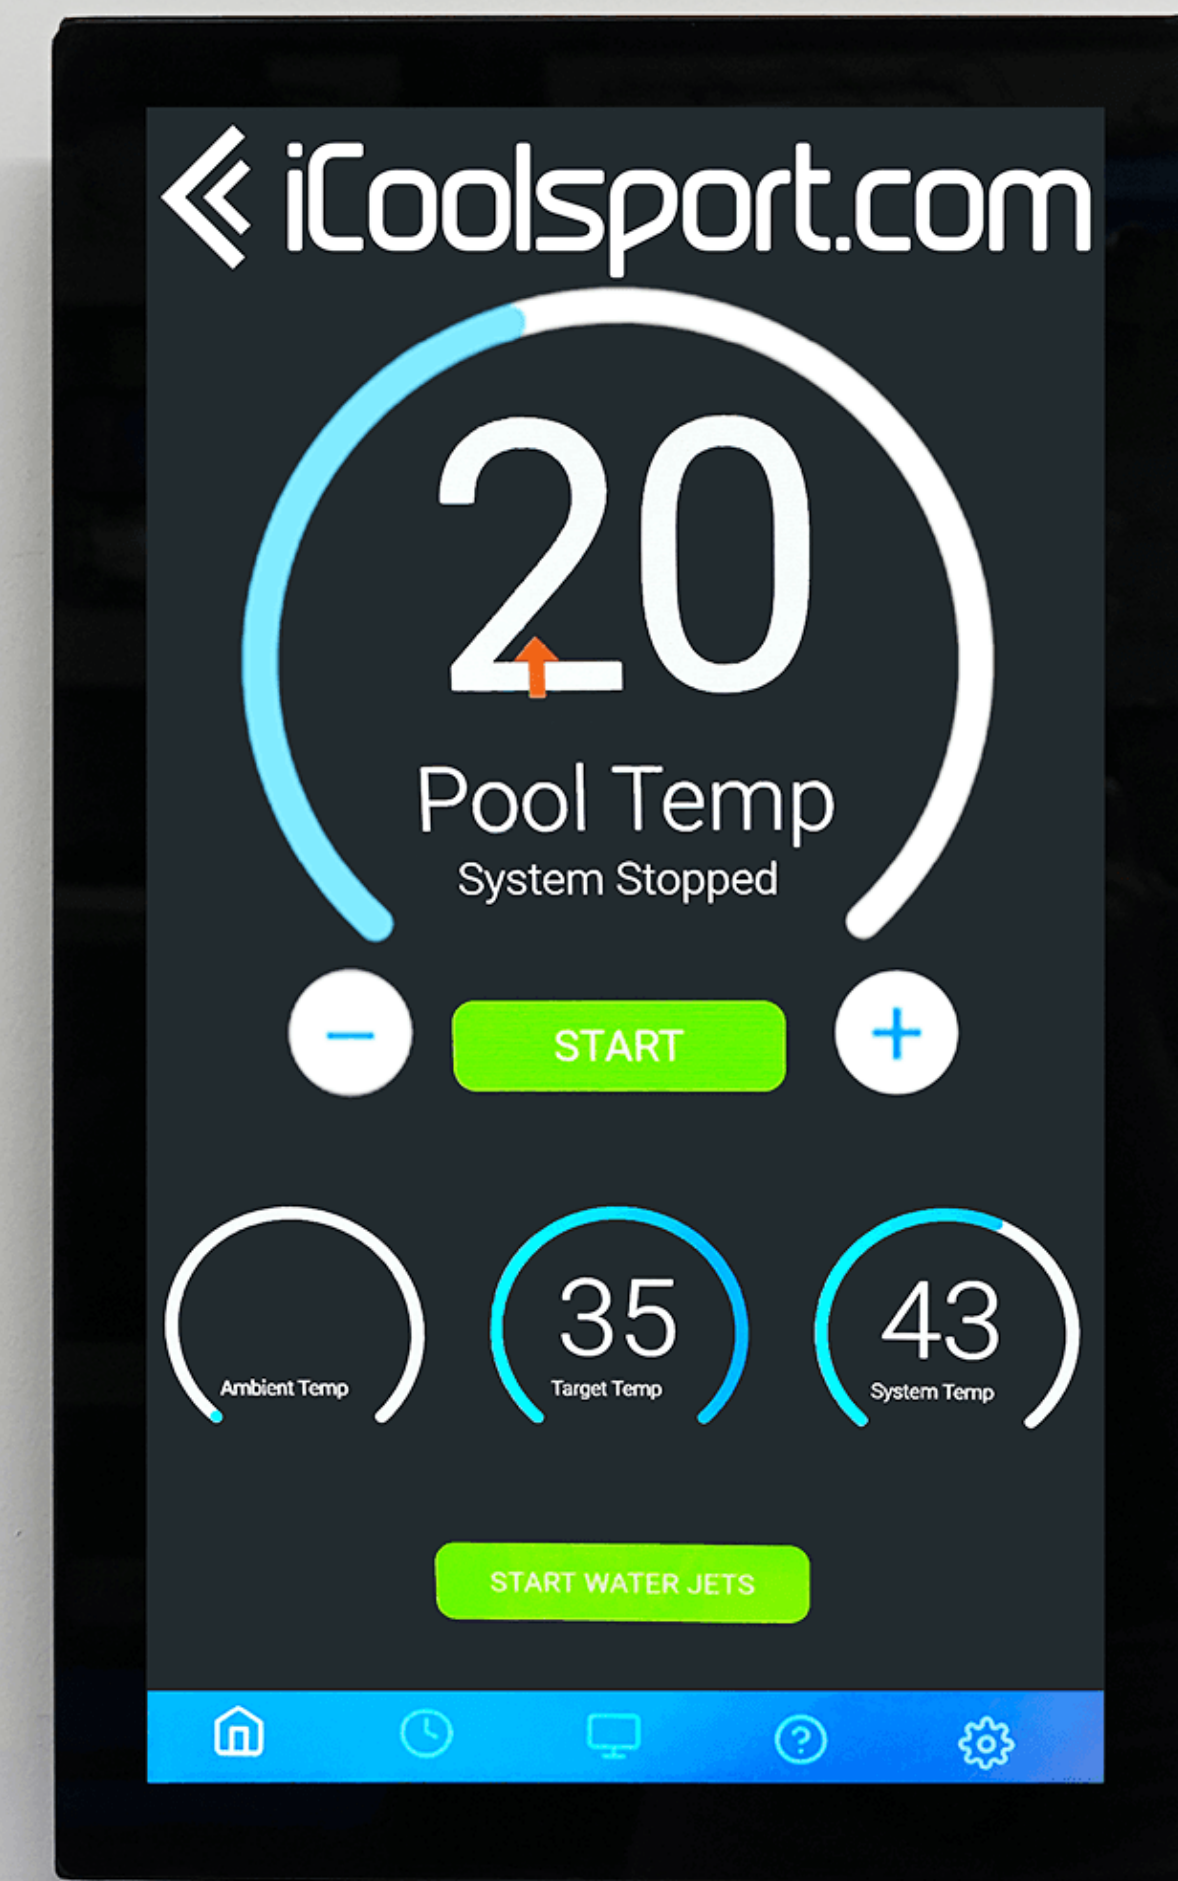

## TURBO HOT

Heating unit for  
large pools up to 5,000L | up to 45°C  
screen included  
**USD 13,999**

## REMOTE TURBO SCREEN (INCLUDED WITH THE TURBO)

- + All Turbo units have an in-built intelligence for consistent accurate control of water temperatures and operate from a wall mounted 15 inch Full HD Capacitive Touch Screen (not included in the price of a turbo).
- + The screen looks and works just like any smartphone and is sealed with tough poly glass for protection against splashing water and dust.
- + To our industry leading user interface we have added the "One Touch Go" fully automatic start up. Just touch the START

## FITTINGS (\$15)

Our standard quick snap water connectors are easy to use with fittings sized and colour coded according to where they connect for easy identification & set up.

**HL-2471**

Green conector with swivel  
Compact unit

**out of stock**

**HL-2571**

Red conector with swivel  
Compact unit

**\$15**

**HL-2410**

Green hose joiner set  
Compact unit

**\$15**

**HL-2540**

Red hose joiner set  
Compact unit

**\$15**

**HL-2320**

Green universal tap connector  
IcePro range

**\$15**

**HL-2530**

Red universal tap connector  
IcePro range

**\$15**

+ IMPORTANT UPDATE: COLOURS MAY VARY DUE TO SUPPLY SHORTAGES

## HOSE SET (\$199)

3 IN 1 set that includes:

- + 1 hose of 18 mm x 3 meters (water out)
- + 1 hose of 12 mm x 3 meters (water in)
- + 1 hose of 18 mm x 0.5 m (pump)
- + Cost: \$199
- + IMPORTANT UPDATE: COLOURS MAY VARY  
DUE TO SUPPLY SHORTAGES

## 220V DAVEY WATER PUMP (\$599)\*

- + Robust pump design combined with powerful motor options that delivers high performance for a satisfying ice bath experience
- + Provided with IEC sock and hose link fittings to connect to any Compact chiller
- + Comes with corrosion resistant 316SS pump shaft to ensure years of trouble-free use, even in salt water spa pool applications, for an extended pump life
- + Large suction & discharge outlets allow for higher performance but a lower noise levels, ensuring a powerful yet relaxing ice bath experience.

\*Available for countries using 220 or 240 volts

## MULTI-VOLTAGE MARLIN PUMP (\$350)\*

- + International pump that can be used underwater or out of the water as long as there is a constant flow of water.
- + Can be used in salt or freshwater.
- + Multi-voltage of 110v or 220v.
- + Six Pole Intelligent DC three-phase drive.
- + High flow rate selectable up to 4,000 litres/hour. Constant flow rate power from 10w to 70w max (20 levels).
- + Includes fittings to connect to any Compact chiller.

\*Available for countries using 100 to 250 volts

## DAVEY HYDRO PUMP (\$1,024)\*

- + Hydrotherapy Water pump for Hot Team Recovery pools
- + Superior rust-resistant brass impeller
- + Fully automatic operation controlled from the Turbo Remote Screen
- + Requires low maintenance
- + Voltage: 220/240V | 50/60Hz
- + Max. current: 10AMP

\*Available for countries using 220 or 240 volts

## FILTERS

To maintain the water quality of your pool and keep your system free of foreign debris, we recommend using a Cartridge Filter designed to protect your pump by filtering the water and keeping it clean and crystal clear. Different models available to suit all types and sizes of pools.

### SKIMMER REP. FILTER

Replacement filter for TR pools

**\$49**

### DAVEY CRYSTALCLEAR CARTRIDGE FILTER

Filter for medium sized pools

**\$599**

### DAVEY REP. FILTER

Replacement filter for Davey  
CrystalClear

**\$199**

### COMPACT CARTRIDGE FILTER

Filter for small pools  
Compact unit

**\$199**

### COMPACT REP. FILTER

Replacement filter for Compact  
Cartridge Filter

**\$39**
