Mipod Range

The Best Selling Automatic Ice Baths Around the World

Large touch screen
controller included.

Premium quality, smooth, seamless, handcrafted fiberglass pools

A range of powerful inbuilt or remotely placed chiller to choose from

The Industry Leader in ice bath technology for homes & gyms >

Hand crafted from the highest quality glass and carbon fibre. Available in two deep, spacious sizes.

Bringing the benefits of no fuss fully automatic ice cold water therapy into the comfort of your own home, or to your gym or recovery centre.

Choose from our best in class 5000 watt built in chilling machinery or for commercial and high usage needs, our latest ultra powerful 10,000 watt remotely placed Turbo Mini, the most powerful and fastest cooling chiller ever in an ice bath.

Many versions to choose from

- Unique Glass and Carbon fibre pools. Strong, Smooth, No joins, Hi Gloss.
- All models are also available in classic Cedar or Timber outer cabinets.
- Available without the outer cabinets for perfect in floor or part in floor installations.
- Three sizes available to suit either one user, 2-3 users or 3-4 users.
- A choice of the best in class fast chilling machines, 5000 or 10,000 Watts
- Commercial versions with 50% larger deep end floor area for clubs.

We design and manufacture the largest range of ice bath products available anywhere in the world, for homes, sports clubs and recovery centres.

Call us about your requirements, we can meet them at very competitive prices.

Extra Deep > for leg & feet static pressure

MiPods are the deepest recovery baths available because that's what the experts recommend. Other ice baths are too shallow for effective lower body pressure.

Thanks to our 1m depth MiPods are the best in class for runners, cyclists and triathletes needing true effective lower limb recovery.

Stand up, or sit down, the inbuilt steps and spacious dimensions will provide you with all options.

**WALL MOUNTED 13" TOUCH SCREEN
INCLUDED WITH ALL MODELS**

Smart Controller >

Control the temperature of your ice bath from the remote 13 inch high definition touch screen.

Our exclusive iCoolSport-designed user interface leads the industry and provides fully automatic start up and operation. Just set the temp. press START and that's it. Everything else is automatic.

READY TO USE

Models available that do not need plumbing. ✓

Some models need no pool connections or external plumbing and are delivered as a full package ready to use the same day. Just drop in place, fill with water, set the temp, and enjoy. A drain valve is provided. We also have a large range for professional versions with a choice of very powerful remote chillers and professional water quality equipment. Call or email us for no obligation expert advice.

We ship daily to customers around the world.
